HOUSE OF INDUSTRY.

SIXTY-FIFTH ANNUAL REPORT

OF THE

BOARD OF MANAGEMENT

1901-1902.

The Trustees and Managers of the House of Industry beg leave to submit the report of this Charitable Institution for year ending 31st March, 1902, being the Sixty-fifth Annual Report.

INMATES.

The number of inmates, 341 ; cost of inmates, \$9,315.63 ; 18 1-10 cents per day per individual.

The daily average number of inmates in the House was 140.

To afford some definite information about this part of the work of the House of Industry, the following brief table is submitted :

Registered number of inmates for year	341
Males 	272
Females 	69
		— 341
Number of males under 50 years of age, 7 per cent.		19
Number of males 50 to 60 years of age, 16 1-6 per cent.	...	44
Number of males 60 to 70 years of age, 43 per cent.		117
Number of males 70 to 80 years of age, 26½ per cent.		72
Number of males 80 to 90 years of age, 7¾ per cent.		20
		— 272
Number of females under 50 years of age, 7¼ per cent.	...	5
Number of females 50 to 60 years of age, 16 per cent.	...	11
Number of females 60 to 70 years of age, 34¾ per cent.	...	24
Number of females 70 to 80 years of age, 27½ per cent.	...	19
Number of females 80 to 90 years of age, 11 3-5 per cent.	...	8
Number of females 90 to 100 years of age, 2 9-10 per cent...	...	2
		— 69
		— 341

There is in the House accommodation for about 200 persons, including the special provision made for married couples. It is obvious, therefore, that there is room for the admission of more of this helpless and deserving class of our fellow-citizens.

OUTDOOR POOR.

It is worthy of note that the number of families receiving relief at their own homes is gradually decreasing; during the years 1899-00, 1900-01, 1901-02, the number of families relieved was 1,637, 1,573 and 1,459 respectively. The record of the past year indicates that the minimum number for the city of Toronto is in sight. The average sum given to each family is \$6.68. The number of families in charge of the mothers only is 546; the number of families relieved for the first time 293. Men, 880; women, 1414; children, 2633; total 4927 persons, among whom were widows, 546.

Whether it would be better to give assistance to a less number of families, if this be possible, and to increase the amount to those receiving aid, is an open question, and one which is receiving earnest attention at present, especially in the United States of America.

The most valuable assistance that any family in need can receive, is a visit by a wise sympathetic friend, and such we believe all our visitors to be. Total expenses, \$9,749.79.

THE WAYFARER'S LODGE.

The Wayfarer's Lodge continues to do excellent work, affording a home of refuge for the homeless of the City during the winter months, thereafter they go out into various parts of the Province to work during the summer. Fifty-six tons of stone were broken; value of work, \$168. The average number in the Lodge each night was 42.

THE LADIES' COMMITTEE.

The Ladies Committee consisting of the following:—Mrs. A. J. Broughall, Mrs. J. A. Paterson, Miss Foy, and Mrs. Forsyth Grant, met in the House after the summer on the 1st Tuesday in October, 1901, having visited the Institution at different times during the holidays; and throughout the past winter have done all in their power to be of service in carrying out to the best of their ability the wishes of the Board.

A committee of ladies can probably enter into the necessary details of the working of the House with more attention

to such than could possibly be expected from the gentlemen of the Board whose time must naturally be otherwise occupied.

The ladies have each been several times through every department of the House, and when convinced of the practical benefit of any change suggested, have made their report in writing to the Board, which has invariably been accorded a careful and courteous attention.

The annual New Year's supper provided by a number of ladies was much enjoyed, as well as several concerts which were given by friends of the House during the winter.

Through the kindness of City Missionary Rev. Robert Hall, fourteen men and ten women inmates were given a two-week's outing during the summer season at Lorne Park. They received every attention and care and the trip was much appreciated.

The subscribers and friends of the House are referred to the accompanying Report of the various Standing Committees, and of the Superintendent for all details in connection with the different departments of the Institution.

The spiritual welfare of the inmates is carefully attended to.

The Superintendent, Mr. Laughlen and his wife, and the Matron, Mrs. North and her daughter, attend to their duties with commendable zeal and fidelity.

The Treasurer's statement furnishes information as to the receipts and disbursements of the combined work of the Charity, and the Superintendent's Report gives the separate details of the cost of each department. The receipts from all sources amount to \$21,240.37, and the disbursements to \$30,226.75, shewing an overdraft at the Bank of \$8,986.38.

All of which is respectfully submitted.

ARCHIBALD MACMURCHY,
Secretary.

JOHN GILLESPIE,
Chairman.

Toronto, 15th April, 1902.

REPORT OF WAYFARER'S LODGE.

To the Board of the House of Industry:

HOMELESS POOR OF TORONTO.

The number that found shelter at the Wayfarer's Lodge during the year, April 1901 to April 1902, was 321, the number for the three consecutive years being 313, 345, and 321.

The total number of nights for this class of persons was 5,810, or an average of 18 nights for each person for the year.

The cost of maintenance was \$1,325.73.

POOR FROM OTHER COUNTIES.

The number of men who came from outside the city and found shelter in the Lodge last year was 373. The number for the three consecutive years being 688, 418 and 373. The total number of nights given to this class was 1,663, and the cost of maintenance \$441.59.

Therefore the total number of men sheltered in the Wayfarer's Lodge last year was 694; for three consecutive years the number was 1001, 763 and 694.

The number of women who found shelter in the Lodge last year was 92, and the year before the number was 102. Hence the total number of persons was 786.

The total cost of the Lodge for the was \$1,767.32; for three consecutive years the cost was \$1,721.44, \$1,925.75 and \$1,767.32.

A slight refreshment was given to those admitted to the Lodge at the time of their entrance, and this is continued during the summer months.

The thanks of the House are due to the City Corporation for the supply of stone for the application of the labor test, but we regret that they were unable to furnish us with sufficient stone for the whole season. The quantity broken was 51 toise, value \$163, which is now being carted out of the yard and put upon the streets of the city.

All those who have the management of the Lodge did the work required of them faithfully and satisfactorily.

REPORT OF COMMITTEE ON OUTDOOR RELIEF.

To the Board of the House of Industry :

GENTLEMEN,—It is cause of gratitude that whilst prosperity is the order of the day in all departments of business and in all industries in our city and country, that a little light and hope have come into the homes of trial and need ministered to under this department of the House of Industry. Still a less number of families have required aid during the past winter than for a number of years, though the population has very considerably increased, especially in the last two years. It is with increased satisfaction that mention is made of the good work of the District Visitors. We venture to think that no charitable institution in this city makes so careful and at the same time so thoughtful investigation into the circumstances

and needs of those receiving aid as is made by the worthy visitors of this House into all the cases receiving help.

This was severely tested during the past winter. It was reported that cases were neglected by our visitors, and in every instance it was amply shown that there was no such neglect. The wonder is that so many men can be found who are willing and have the qualifications which fit them for this delicate and benevolent work. Whatever may be shown of appreciation and gratitude by our fellow-citizens for this quiet and patient ministry, one thing is certain, He who said "For ye have the poor always with you," will not be unmindful of those who care for the hungry and lonely sufferers in our midst. "Inasmuch as ye have done it unto one of the least of these My brethren, ye have done it unto Me." The following statement shows the amounts distributed :

MEDICAL OFFICER'S REPORT.

During the year just closed seventeen men and nine women have died in the House of Industry, and it is satisfactory to know that not a single death has resulted from acute or epidemic disease.

Never in the existence of the Institution has it contained so many inmates so thoroughly broken down in body and mind. All who have died had passed the allotted span, and had been for years the subjects of chronic and incurable disease. Some passed away suddenly at last, but many have been lingering at the brink for months, and it is gratifying to know that their last days were made so much more comfortable than they would have been in the wretched surroundings from which they had recently been removed.

Respectfully,

UZZIEL OGDEN,

Surgeon.
